MEMORANDUM FOR: Deputy Director for Intelligence

FROM: Executive Assistant to the DDCI

SUBJECT: Follow-Up to the 2 November McFarlane Meeting

The DDCI would appreciate your taking care of the following items that came out of the subject meeting.

- Prepare a paper for Mr. McFarlane describing Iran's likely reactions to Iraq using chemical warfare. This should be delivered as soon as possible and not later than Saturday morning so that it can be considered at Monday's NSPG on Iran/Iraq. *done*
- Ensure a continual flow of intelligence relating to the security of the President during his Far East trip to the NSC and the Secret Service. Give some thought to what additional things we might do in monitoring North Korean targets that might indicate any threat to the President during his trip. *done*
- Have [] put together a brief paper highlighting the impact of the current US/Soviet tension level on arms control talks. The DDCI is concerned that we have backed the Soviets into such a corner that there is no room for any positive outcome in any of the arms control talks. He has noted in particular that the GRU is being tasked to develop stay-behind operations in Europe. Have [] give me a call if he has any questions on this one. *25X1*

MEMORANDUM FOR: Director, Office of Legislative Liaison
FROM: Executive Assistant to the DDCI
SUBJECT: Follow-Up to the 2 November McFarlane Meeting

FYI. At last night's meeting with McFarlane, the DCI/DDCI explained that the Fowler Bill was not simply a problem for us to solve but presented a problem of defending the President's Constitutional rights. Mr. McMahon, therefore, agreed that Dam and Schmults should be asked to testify at the right time. Could you please make sure that happens.
